NEWS RELEASE CITY OF MUSKEGON RECYCLING PROGRAM

During these difficult economic times, the City of Muskegon finds the need to reduce or eliminate some services. Beginning August 1, 2009, the City of Muskegon will no longer be able to offer curbside recycling.

The City of Muskegon does recognize the importance of recycling and we strongly encourage our residents to drop off their recyclables at 1970 Port City Blvd. This service is offered to customers at no cost. The site is open daily Monday through Friday between the hours of 7:00 a.m. and 3:45 p.m.

Residents may also call Allied Waste to subscribe to curbside pick-up. The cost to subscribe will be approximately \$42 per year for twice a month curbside pick-up if 500 residents register for the service. Interested residents may call (231)773-8551 or (231)773-8407 to find out more information regarding fees and schedules.
