City of Muskegon co-sponsors community forum on future waterfront development at Harbor 31

For immediate release
May 10, 2022

MUSKEGON, MI – Responding to public questions and concerns over the redevelopment of the historic Continental Motors property on Muskegon Lake, the City of Muskegon and the Muskegon Lake Watershed Partnership are co-sponsoring a forum on Harbor 31 Tuesday May 17, 2022.

The public is invited to the forum at the Grand Valley State University Innovation Hub, at 200 Viridian Drive adjacent to the development site. The 5:30 p.m. event will feature a presentation by the Harbor 31 development team of Henrickson Architecture and Planning, Paradigm Design Architects-Engineers and Wolverine Building Group.

The developers of the \$110 million plan are prepared to address community concerns of waterfront access to Muskegon Lake and environmental concerns of wetland mitigation. Harbor 31 is continued redevelopment of an industrial brownfield site with proposed mixed uses of residential living units, a hotel, retail space, offices along with boat storage and slips all steps from the heart of downtown Muskegon.

The developers and city officials will be available to answer questions and hear participants' perspectives.
